What is going on here ?
Why are so many people in the king's quarter ?
Lady Harga
Didn't you hear the lady ? She asked you a quest on
Um

Even though my relative, Ruka, allowed you to come here, that does not mean anything Do you have any proof ?
Besides, where is the mother is this child ?
His mother was killed by the men you sent
We We were going to go to Anatora one day
My sister risked her life to give birth to Sibel
She was going to send him to you even if you don't accept her
My sister s name s Lin
This dress my mother gave it to her for her future wedding She was in this dress when she went to see you

Please remember ...
my poor sister ....
Ths dress was her treasure
I am L I n

Your sister was a prostitute
She was not!
Prostituting is not allowed in Ramra
My brother Ruka simply bought her
A child from such a low woman
Even if he is my child
I won't acknowledge
My sister was not a prostitute!
She had to do it because our drunken father sold her out
But you were her first and the last!
I understand that a man at your post on must face a lot of false claims and lies
But my sister was not good at lying at all
She could have run away when she was sold to be sent to you
But she had to go to you because of me

Shut up !
I w ll not l sten to some
prosttute s cla m!!
SHE WAS NOT A
PROSTITUTE !
You dare to yell ?
You must think you have
more than one life.

Do you realize there is a child here ? You should watch your language.
Hezel, this is none of your business.
Boy, what is your name ?
I... I am Sibel.
Sibel that s a nce name Sibel, would you like to walk with me ?

Hezel!
If you don't want to raise him, I will.
He is not my child!
I don't care I like him anyway
What's your name?
My name is Lala
I am Lord Hagas wife. I am also the king's sister I suppose I need you alive for this child's mental health?

덜
덜
Auntie !

What's the reason ?
It was an anxiety attack. She will be fine soon.
Well, I understand her.
Most are scared to talk to my brother face to face. I've never seen any man, let a lone a woman, talk back and yell at him like that.
I was scared as well. I thought the majesty was going to cut her in half with his sword.
Give her everything she needs
Get the child a decent teacher

But m'lady,
why did you accept
that child ?
We don't know his
root and credibility
of the woman's claim
is questionable
Ah yes
You wouldn't know
Posha
The child
He looks exactly

What s wrong ?
Aunt e
Can't we just go back?
Sibel Th s s our home now
Isn't t great ? Th s place s huge and a lot of good food s here, not to ment on these n ce clothes
I don't need a father
I just want you

Sibel
And no matter what anyone says, we have to live here
This is your father's country
He doesn't say so
Listen to me!! We have nowhere else to go
He is your father!!
Your mother never lied! You know your mother, don't you?
It's just that nobles can't often accept everything
So, you have to be a good boy so that your father will acknowledge you one day
Do you understand?
Don't worry, sis
Ok
No matter what happens
I will make him acknowledge your son

Two hours after lunch, the guard tower becomes empty for a short moment.

It is important
that you are
exposed to
sunlight for
a certain period
every day

You need to be healthy...
So that your baby will be healthy...
Women aren't alone after they are marr ed

Yes ?
She d dn't go to the castle ?
Can't be
She sa d she d head to the castle
She had been s ck for few days
She just recovered and sa d that she should v sit the castle So

You!
Ah, chief!
What are you do ng here ? Where s the lady ?
Well she suddenly stopped us and told us change the course
When she got here she told us to stay here and went that way with a horse
The coast s that way too
Ch ef ? What about us ?
You have your order ! Stay there !

Se
Se ?
Of course not
No way would Se be here
This is not the mountain

Even though I feel

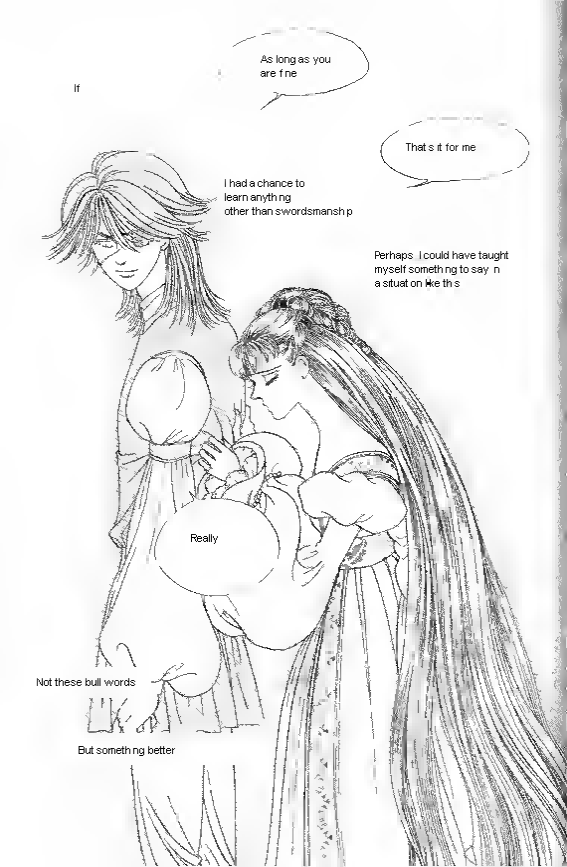
How -
How did you sneak in ?
Ssh ! Be quiet
Oh, yes, ssh
I used the hole that Eli told me.
I was so surprised to see you in the castle.
The hole ?
But it s such a small hole
If I can get my head through I can get through
Really ? You must have a b g head
uh
Have you been in Lana all th s time ? How have you been ?
Anyway welcome back
welcome back ?

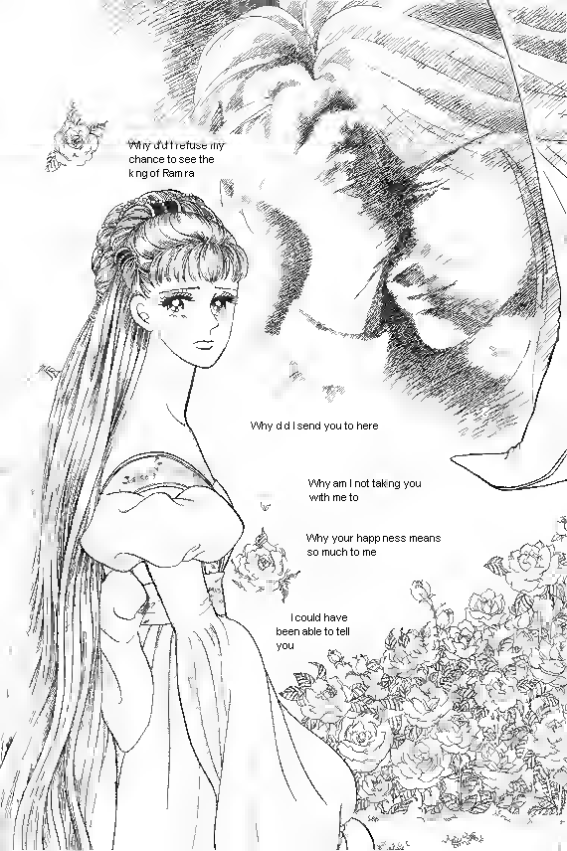
I told the king about you.
He wants to see you as well.
He wants to thank you.
He went on hunting He will be happy to see you when he's back
Hi... you look so fine
Are you happy ?
Yes I am

You do seem to be happy .
I am really glad ...
Se
Don't tell me that you are just go ng to leave ?
Please stay at least until you meet the king
No why don't you just settle down with us ?
You sa d you have no fam ly
You have no one who waits for you
I have a task
I just came here to check on you
Before I leave That s all

I am glad that you are doing fine ...
Farewell ..
Wait
How could I ever repay you ?
If you just leave how would I repay you for what you've done for me ?



If
As long as you are fine
That's it for me
I had a chance to learn anything other than swordsmanship
Perhaps I could have taught myself something to say in a situation like this
Really
Not these bull words
But something better



Why did I refuse my chance to see the king of Ramra
Why did I send you to here
Why am I not taking you with me to
Why your happ ness means so much to me
I could have been able to tell you

Greet her.
I will be your servant. I am Jena.
I will look after the boy. I am Landa.
Uh we are
We are fine
We can take care of ourselves
This dress is fine
He will receive education everyday by proper teachers
And you should change into Anator as clothes That dress is too thin for you to bear the harsh weather in Anator a Finally, you will let Jena do everything for you
It will be us who will be punished if you let us go

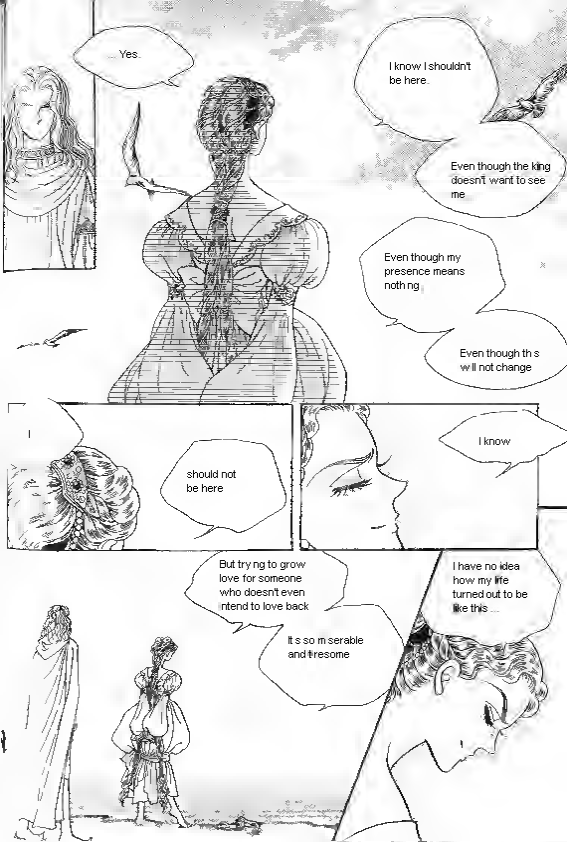
Haha no that d never happen



Yes.
I know I shouldn't be here.
Even though the king doesn't want to see me.
Even though my presence means nothing.
Even though this will not change.
I should not be here.
I know.
But trying to grow love for someone who doesn't even intend to love back.
It's so miserable and tiresome.
I have no idea how my life turned out to be like this...

I am the king's fiancee.
I am so-called the most powerful lady, Ms Eshild Barder.
But what am I to the king ?
Do you happen to know ?
Mr chief guard ?
We need to go.
Don't you touch me !

Don't you
have something to say to me, Leo ?!
The day you told me not to forgive you !
You knew everything didn't you ?
You knew what that bitch and the king did. didn't you ?
No !
I will not forgive you !
I thought we were friends
No matter what you said I considered you my friend !
I thought so

You know how much it would hurt me
You know
You
and the king
Everything that I was taught for everything I stood for
All that and in the end I am worse than a mere commoner's daughter
Are you satisfied?
You and your precious king
you and that bitch you can't seem to forget at all
You
made me feel so ashamed that I feel it is worse than death
Are you trying to make me commit suicide?

Eshilo !

I am not go ng to forg ve you

As long as I am al ve
I am not go ng to forg ve them

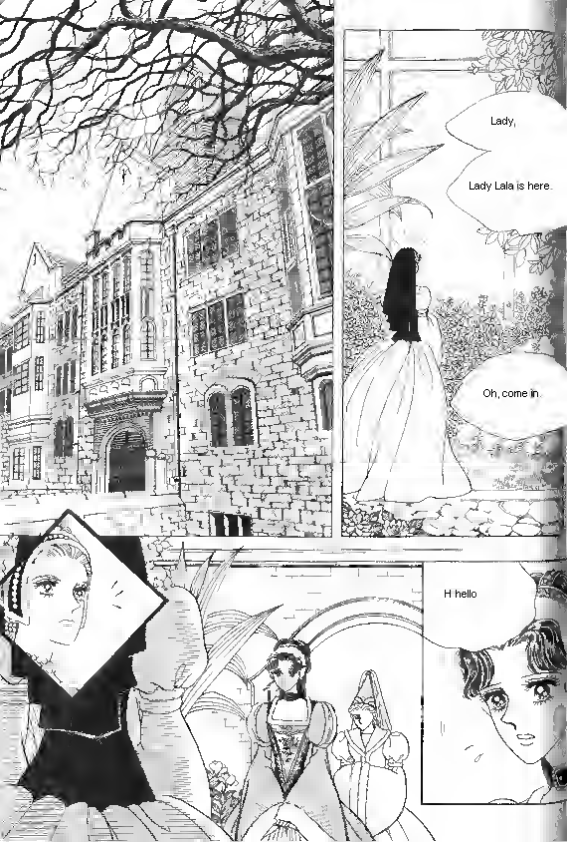
I am not entitled to ask for
forg veness from anyone



Lady,
Lady Lala is here.
Oh, come in.
H hello

You look good in a dress of Anatoria
Thank you
For giving me such an expensive dress
This is too much for me
I am going to raise Sibelon the same level of Veatris
You are his only known root Therefore you can't just be a commoner
I do not care who you were and what you did in Ramra Forget everything about your past
If you were determined to come here then so be it Start over

Yes, sir. but we should not go further with th s party d sgu sed as a hunting group
I suspect there are more ?
It is expected so. But this is the only known place to us.

Is it so important for Bli not to know that Sibel is your son ?

If you claim so once more, I swear that I will break your neck with my hands !
Remember ! I have no children

Why s that ?

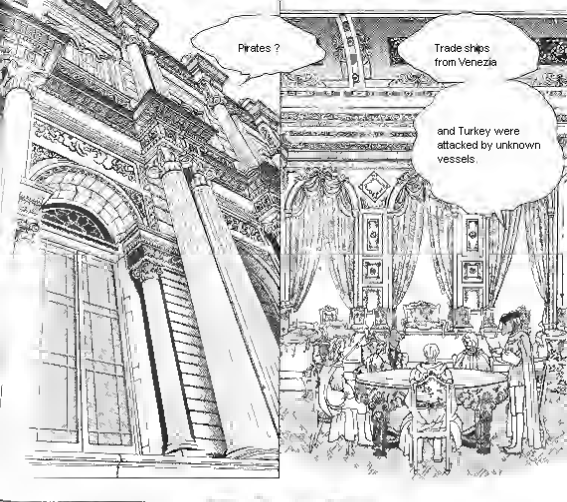
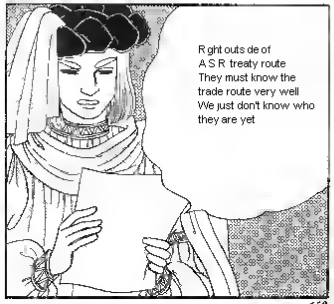
That boy is lady Haiga's stepson and that small woman is his mother ?
No, she's his aunt
Who knows. Anyway I can see that she's indeed from Ramra She's so small
She doesn't look old enough to be a mother
Small figure makes you think like that That's why Ramra women are favored by men
They aren't pretty at all
Don't tell me that she's the reason
Could it be ?



Pirates ?
Trade ships from Venezia
and Turkey were attacked by unknown vessels

Locat ons ?



R ght outs de of A S R treaty route
They must know the trade route very well
We just don't know who they are yet

Increase patrol ships.
Yes, sire.
What other ships are on route ?
There are some ships that will head to Katai (China) tomorrow.
How about let soldiers be aboard on the ships ?
That could work However we won't have enough soldiers for the capital
What are you talking about The capital won't be invaded There is no point in keeping the soldiers in the capital and waste their usage

Number of our army is minimal due to A.S.R. treaty.
Our army is worthless against any country's invasion ! I believe we should use them when we can !
Either way I am against the idea
Then do you have any other solut ons ?
Put the sh ps on hold
Yes s re
And call ambassador of Anator a and Skador

What ?
Se Ren s here ?

Look who is really here
I cannot believe you'd come back willingly

Don't you know that you are wanted ?
Who'd have expected that you would betray the king
Arrest me and send me to the king
I know what I did
So, you've come to die

I am prepared.
Do you really think doing this will make the king reconsider ?
We couldn't even f nd trace of you Yet you come back for death
You are a we rd one

Jasmine
www.jasmines.com

Should I tie him up?

Yes.

Let's go!

If he plans to escape, he'd have never come back here

Just lock him in a room until we can find a ship to send him

He was the king's shadow

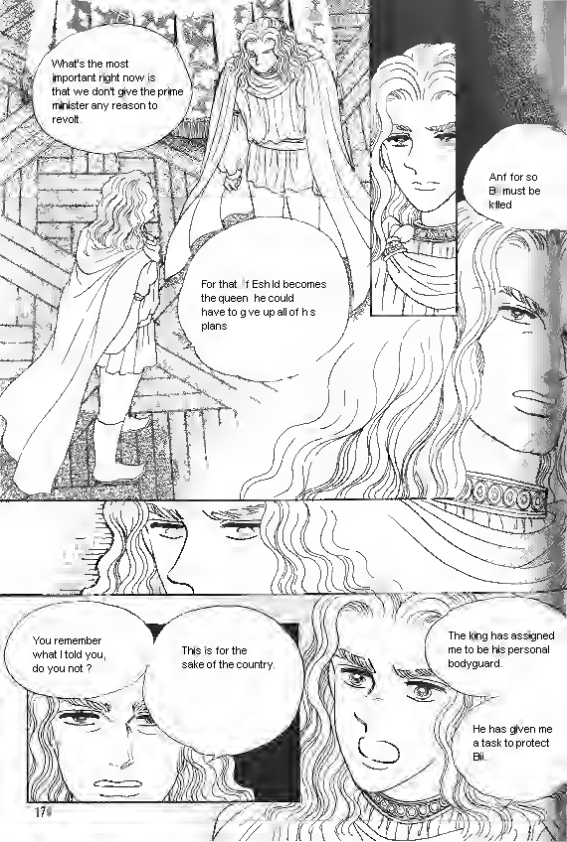
If it was his order he did anything

But the king will not reconsider
He's that kind of person

What ?
I want to start training.
Would you get me a teacher ?
Hiro, you are too young
I am almost seven
Even the fourth didn't start his training
Why do you want to start training ?
I have my duty
Yes yes you are Vada after all

There s no proof but
I bele ve the p rates are from Anator a
How
Anator a has a large port on of sea accord ng to A S R treaty Steal ng off Ram ra sh ps with n the r terr tory would have been too obv ous
Even so it s too r sky for them to do someth ng l ke that If it s revealed that they d d it
They must be prepared to confront the c rcumstance headon
Still
Unless they ve restored the r m litary strength strong enough to confront Skador and Ram ra it s futile

It's doable with two forces.
The other would be the prime minister
That s
it s very possible
Let the prime minister deal with us while they deal with Skador
it s too possible And considering the kind of person SKade s it would be a reason to invade us
Do you think it s not possible ?



What's the most important right now is that we don't give the prime minister any reason to revolt.
For that if Eshld becomes the queen he could have to give up all of his plans
Anf for so Eli must be killed
You remember what I told you, do you not ?
This is for the sake of the country.
The king has assigned me to be his personal bodyguard.
He has given me a task to protect Eli.

I ...
can't do it.
How dare you !
Father
B s more than
just a fr end
to me
If you don't do it
I w ll have to do it
That d be d sloyalty
to the k ng
Not do ng it w ll
be d sloyalty !

The star is
too steep
But I can't lose
I will never lose to
some commoner
I must ignore
Majesty
Ms Barder is here

Looks like you are free
I was told that you weren't feeling well What brings you here ?
Isn't she the one who shouldn't be here ?
Miss

The country is having a hard time
You as a mistress should be away from the king so that the king can concentrate
How dare you be here
Miss
This isn't like you
I will leave you two alone

Jaunes

I don't understand you.

Why would you return to die ?

Hey, the lord is looking for you.

What? but I was told to stay here all day.

He needs to go to the castle

Ramiris prime minister came by and looks like something's up

The prime minister?

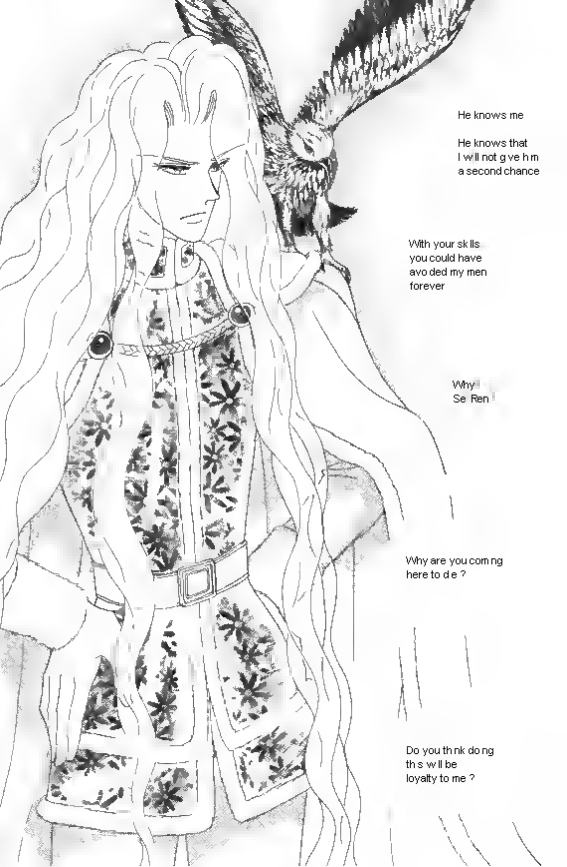
Well Ramra king has brought n some woman
I dd n't hear the full story but it seems the pr me m n ster wants her dead
Wait a second Our lord doesn't have time for assass nat on of a m stress
Hmm it may not be a b g deal Who knows
Anyway I brought some guards to look after h m So let s go
EA 7

Dd they
mean
No

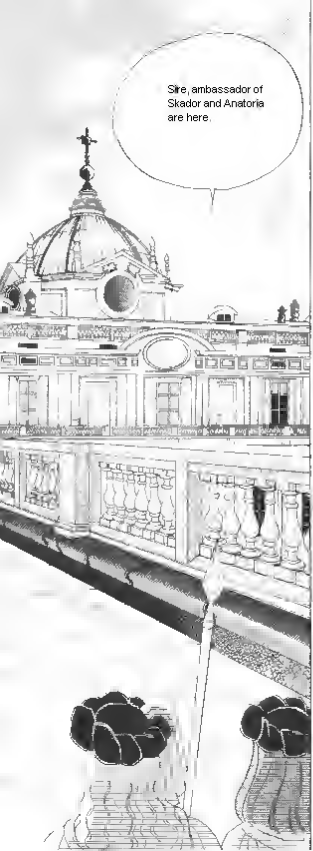
프린세스 Princess

S re s something wrong ?
Se s captured
Not only that. he turned himself in

He turned himself in ?
He surrendered after going to Rukas manor
How dare he !
Anyway that s good news
Should I send men to the port ?
They haven't found a ship yet
What are you up to now
Turning yourself in
Are you prepared to die ?



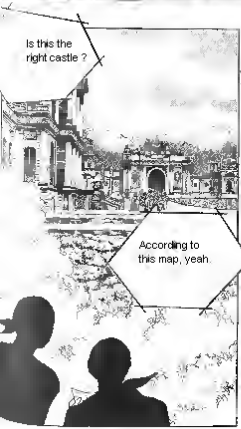
He knows me
He knows that I will not g ve h m a second chance
With your skills you could have avo ded my men forever
Why Se Ren
Why are you com ng here to d e ?
Do you th nk do ng th s w ll be loyalty to me ?



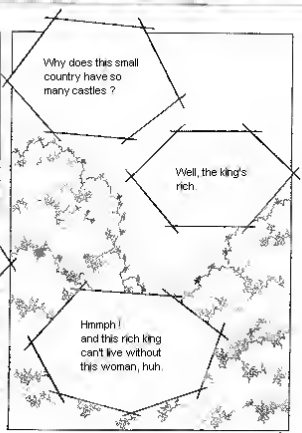
Sire, ambassador of Skador and Anatoria are here.

I see.
Sire, you must push the deal.

Let s go
Yes



Is this the right castle ?
According to this map, yeah.



Why does this small country have so many castles ?
Well, the king's rich.
Hmmph ! and this rich king can't live without this woman, huh.

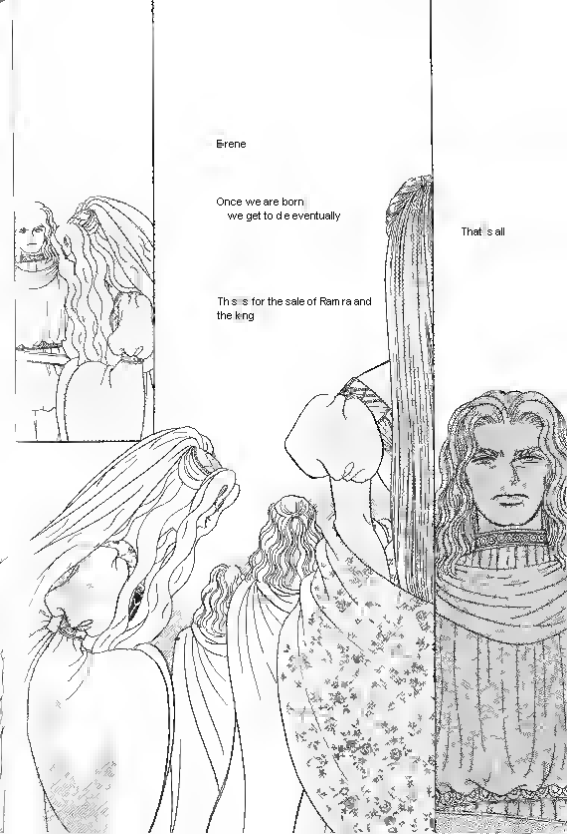
Sire I forgot to tell Leo something I will be back Please go ahead
Alright
Did the king leave for the conference ?
Yes, ma am
Are you going to take a walk ?

I need some fresh air I've been in bed for too long
Is there anyone in the back yard ?
No, I make sure that it is empty always by this hour.
You don't look so good.
Why aren't you calling a doctor ?
I did I will be fine
Leo
The king may believe you but

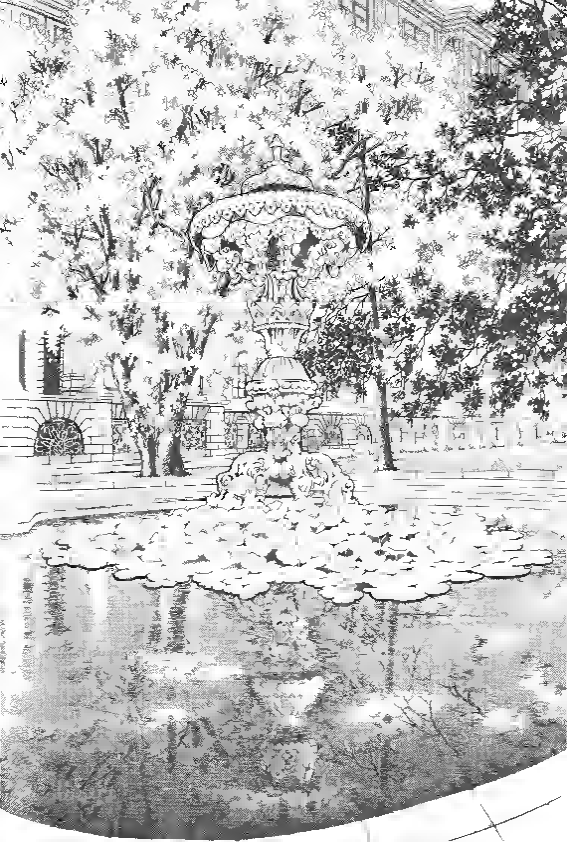
What is it ?
Why are you here ?
I need you to come with me.

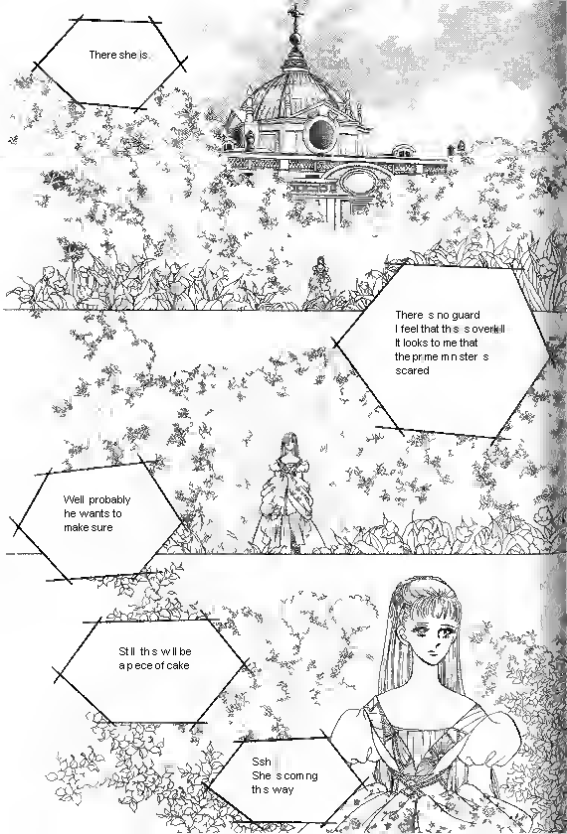
Did something happen to the king?
No, but I think you better be with him.
But father will be there.
Besides, he ordered me to guard here.
Today s conference s extremely mportant I need extra eyes outs de
Let s go!



Irene
Once we are born
we get to die eventually
That's all
This is for the sake of Ramra and the king

Are you going to make the king wait ?
What ?
All the guards in the garden are taken away. This is golden opportunity
Well..it says that, when the woman takes a walk. the yard becomes empty. So..it is an easy job. It is just a matter of how quetly we finish her

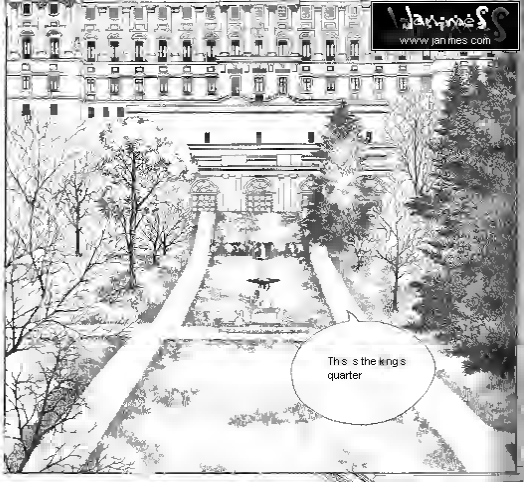


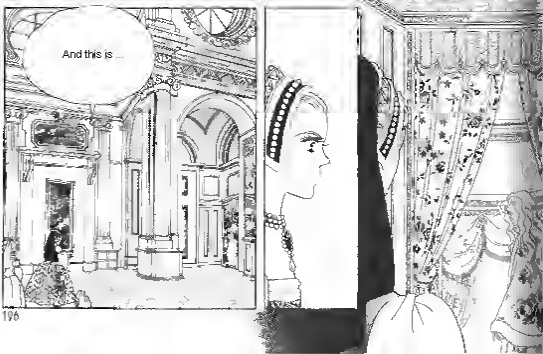


There she is
There s no guard
I feel that ths s overkill
It looks to me that
the prime mn ster s
scared
Well probably
he wants to
make sure
Still ths will be
a piece of cake
Ssh
She s comng
ths way

The only ones left in the castle are Erene and B
They were waiting for us to leave
I don't know who sent them...
But what they want s obv ous
It s someone s l fe Leo mustn't protect

www.janmes.com





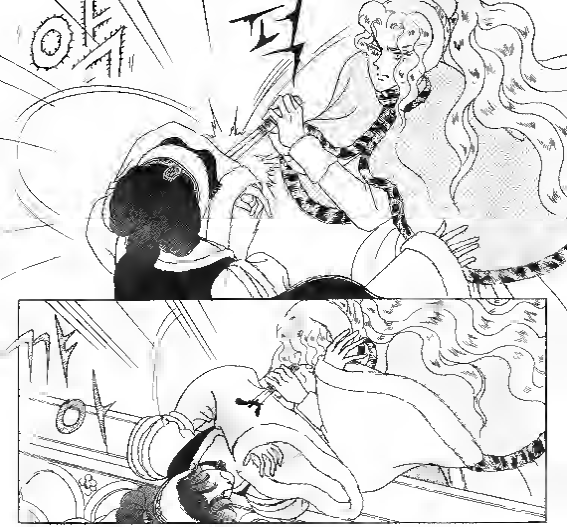
You -
You are still here ?
I believe the king has abandoned you
Looks like you don't know what's going on
Are you acting like the queen because there isn't one ?
Posha !
Get this woman out of here and tell guards to take her away from this castle

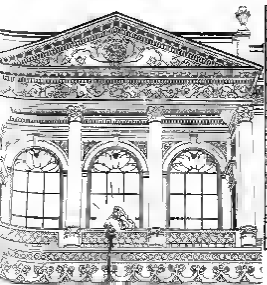
There s no need
I am leav ng
Pack my belong ngs
Yes

Well, I am glad he didn't get a low woman like her pregnant.
...He sleeps with countless woman but why has none gotten pregnant ?
See ng S bel it doesn't seem l ke he s d sabled
I am very sorry to say th s m lady
But accord ng to well conversat ons from ma ds
I ve overheard th s
that the k ng does everyth ng he can to prevent pregnancy
Accord ng to a ma d of the woman you just banned
she d d everyth ng she could to get pregnant She even
That s enough

I d dn't plan to leave th s castle unless I am dead
Yes ?
People don't necessar ly d e of age
Women often des n a battle as well
Lady ?
I want you to run away from here
Go now

You are the woman from Ramira, aren't you ?
Who are you ?
I will tell you in hell!!





윽
퍽
